

**RCEM HST ARCP Decision Aid and
Educational Supervisor Report COVID 19**

The aim for this form is to be on e-portfolio and self-populating. It allows a reflective discussion between trainee and trainer to review evidence, highlight areas for development in the next training period and inform the ARCP panel.

Populated by e-portfolio			
Trainee grade		Start date of training grade	
Whole or LTFT percentage		Date training year ends	

Faculty Educational Governance Statement
Does the FECS recommend that the trainee progress to the next year of training?
Comment on any recommendations

Yes	No

Extended Supervised Learning Events (ESLE)
A minimum of three ESLEs will be completed. ESLEs will sample activity in all available areas of the ED and must include the resuscitation room. Ideally spread through the training year with the first within 3 months of commencement. Comment on standard and scope of practice

Number completed	
------------------	--

Specialty Learning Outcomes
Supervisor to comment on quality, depth and scope of evidence in e-portfolio for each SLO.
Progression of SLO 1-8 to level 4 by end of ST6. Aiming for around 4 pieces of evidence in each SLO from a range of meaningful learning opportunities; WPBA, e-learning, reflective evidence, shop floor feedback.

1. Care for physiologically stable adult patients presenting to acute care across the full range of complexity

be expert in managing and assessing all adult patients attending the ED with both physical and psychological ill health		
---	--	--

2. Support the ED team by answering clinical questions and making safe decisions

able to support the team in answering clinical questions and in making safe decisions for discharge, with appropriate advice for management beyond the ED.		
--	--	--

<p>aware of when it is appropriate to review patients remotely or directly and able to teach these principles to others.</p>		
<p>3. Identify sick adult patients, able to resuscitate and stabilise and know when it is appropriate to stop</p>		
<p>provide airway management & ventilatory support to critically ill patients</p>		
<p>be expert in fluid management and circulatory support in critically ill patients</p>		
<p>manage all life-threatening conditions including peri-arrest & arrest situations in the ED</p>		
<p>be expert in caring for ED patients and their relatives and loved ones at the end of the patient's</p>		
<p>to effectively lead and support resuscitation teams</p>		
<p>4. Care for acutely injured patients across the full range of complexity</p>		
<p>be expert in assessment, investigation and initial management of patients attending with all injuries, regardless of complexity</p>		
<p>provide expert leadership of the Major Trauma Team</p>

<p>provide support to ED staff of all levels and disciplines on the ED shift</p>		
<p>able to liaise with the rest of the acute / urgent care team and wider hospital as shift leader</p>		

maintains situational awareness throughout the shift to ensure safety is optimised		
anticipate challenges, generate options, make decisions and communicate these effectively to the team as lead clinician		

Logbooks ES to comment on range of experience across scope of practice, engagement and highlight areas that need further development. Logbooks must not contain patient identifiable data	
Procedure log	
Ultrasound log	

Generic SLOs Progress rating (pulled through from e-portfolio) ES to comment on each				
SLO 9 teaching	below	Satisfactory	excellent	
SLO 10	below	Satisfactory	excellent	
SLO 11	below	Satisfactory	excellent	
SLO 12 Management	below	Satisfactory	excellent	

Multisource Feedback minimum 12 responses (annual and performed in first 6 months) minimum 3 consultants and spread of participants as agreed with Ed Sup. ES summary

Examination Progress If trainee has been unsuccessful at any component, please document number of attempt to date		
	Result	Number attempts
SAQ		
OSCE		

Involvement in Complaints, Serious Untoward Incidents		
If the trainee has been involved in any events in this revalidation year please document here, stating whether they are resolved or ongoing and where on e-portfolio is the trainees reflection		
Are these events concluded satisfactorily? If no please provide further information	Yes	No

Trainee Health		
Please comment on any concerns regarding health or time out of training TOOT		
Number of TOOT days		

Educational Supervisor comment on training year progress.		
A patient log /shift log or an alternative can be used to guide a scope of practice discussion. This log does not have to be uploaded on to the e-portfolio.		
Does the FEG support trainee progression?	Yes	No
Is there a good range of evidence in e-portfolio to support progression in clinical SLO 1-8?		
Range of experience across the scope of practice. Please highlight areas for further development including training recovery plans as a result of COVID-19		
Trainee Strengths		

Areas for focus	
Suggestions for personal development plan in next training year	1 2 3

Trainee signature:		Date:	
Education Supervisor signature:		Date:	

The following table should only be completed if the information has not already been entered on the FORM R

During the COVID-19 pandemic did the trainee’s scope of practice change?	Yes / No (delete as appropriate)
If Yes – please describe changes:	
Has this affected the trainee’s ability to achieve the assessments listed above	Yes / No (delete as appropriate)
Has the trainee had a period of time away due to self-isolation / shielding etc?	Yes / No (delete as appropriate)
If Yes – please give dates and duration (weeks)
